

WDVA Training Guide - VBATS

(updated 06/19/2017)

The Wisconsin Department of Veterans Affairs maintains an internet based system called **VBATS** (Veterans Benefits and Applications Tracking System).

The point of contact for assistance, issues, or questions for VBATS is

WDVA Information Systems Help Desk

phone: (608) 266-5554

e-mail: DVAM.HelpDesk@dva.wisconsin.gov

Wisconsin Dept. of Veterans Affairs
Bureau of Information Systems
201 W. Washington Ave. 4th floor
Madison, WI 53707-7843

Contact the Help Desk for:

- Forgotten / locked-out VBATS password
- Duplicate veteran records, with existing applications, that need to be merged
- VBATS application errors
- DD214 viewing issues
- Duplicate SSN issues
- New user VBATS training
- Adding / correcting cemeteries
- Other technical questions

Please send the following fix requests to: madison.records@dva.wisconsin.gov

- Duplicate records, without existing applications, that need to be merged

Contact Military Funeral Honors - Gary Dierks for cemetery edits / additions:

phone: (262) 878-5962

e-mail: gary.dierks@dva.wisconsin.gov

Please send requests for assistance concerning veteran benefit eligibility to: eligibility@dva.wisconsin.gov or alan.braker@dva.wisconsin.gov .

Prior to a new CVSO / TVSO or staff member using VBATS, he or she must complete a WDVA Form 2419 (which must be signed by your county executive or county administrative person). **The WDVA Form 2419 must be emailed to: eligibility@dva.wisconsin.gov .** If it is not emailed to that email address, your VBATS login will be delayed or not be created. The login ID and password will then be emailed to the new user. A WDVA Form 2419 must also be emailed to WDVA when someone has left your CVSO / TVSO office so the VBATS access will be deactivated.

A CVSO can utilize VBATS to perform many tasks:

- ◆ Search for existing veterans
 - View eligibility if it has been established
 - View a veteran's service history
 - View or request a veteran's DD214 discharge paper (if scanned / on file)
 - Request Gold Certificate of eligibility for primary mortgage
- ◆ Search for existing applications
- ◆ Update a veteran's information

 - Vision care (\$400 maximum / year: exam, lenses, frames)

Supporting documents can be sent to WDVA via email, fax, mail, delivery, or almost instantly when uploaded through the VBATS (documents must be scanned in prior to uploading). The upload takes place near the end of the eligibility application process, or by clicking on **Documents** at the bottom of the application, or when adding or editing a veteran or dependent's personal information.

General Notes and Enhancements

- Currently the WI GI Bill, Property Tax Credit, and Retraining Grant applications are paper applications only.
- Veterans log into the myWisVets system.
- An applicant only needs to be certified for the WI GI Bill once. If an applicant (veteran, spouse, or dependent child) knows he or she used the WI GI Bill previously, have him or her ask the current school certifying official. School certifying officials can view/print any applicant's Form 2031 (WI GI certification). Do not have them resubmit unless it's a new applicant (spouse / dependent children).
- Veteran or dependents' personal information (past the search results) is viewable to all CVSOs / TVSOs.*
- Veterans' DD214s and DD215s are viewable to all CVSOs / TVSOs.*
- *If the veteran in the search results is a current / former WDVA employee:
 - A signed Form 1042 is required to be emailed / faxed to WDVA
 - The county listed on the signed Form 1042 will be assigned (by WDVA) to that veteran, a confirmation email will be sent to the CVSO office, and then the veteran's information will be available in VBATS
 - Signed Form 1042s should be sent to:

Fax Number: 608-267-0403
Email Address: wisvets@dva.wisconsin.gov
- Adding / editing a veteran / dependent's personal information can be completed directly by CVSO / TVSO
 - Uploaded supporting documents are mandatory for the required fields
 - Supporting documents can be uploaded on the Change Information page
 - Additions or edits of a veteran or dependent's personal information which includes required fields will not save until supporting documents are uploaded
 - DNR and Veteran Identifier applications can add / edit the veteran's address, telephone numbers, and email from within the applications
- In the last several months we have implemented some VBATS enhancements:
 - Pending change request process has been removed
 - Form 1042 is not required to view veteran or dependent information
 - Form 1042 is not required to view a veteran's DD214 or DD215
 - CVSOs / TVSOs can view a veteran's DD215 in VBATS
 - CVSOs / TVSOs can view the complete Social Security Number in VBATS
 - Supporting documents can be uploaded when adding / editing veterans or dependents
 - CVSOs / TVSOs can view all veteran's applications in VBATS
 - From within a Property Tax application a CVSO / TVSO can generate a Form 2098 certification
 - Some reports can be viewed for all counties
 - There is a new DMDC data report which is county specific and can be tailored by a date range
 - CVSOs are able to retrieve withdrawn eligibility applications
 - School certifying officials can view any veteran's Form 2031 (WI GI Bill certification)
 - Form 0001 signature is not required with a VBATS eligibility application submit

These are the general VBATS uses by County Veteran Service Officers and their staff. The following pages contain images of common VBATS screens.
